

## Summer Lesson

### Monthly Dues, Late Payments, And Registration Fees

#### Monthly Dues:

The monthly dive dues and fundraising commitment billing and payment tracking is a time- consuming process. Check or cash **payments need to be received by the 1st of the month** to align with the reporting timeframe.

#### Late Payments:

If dues payment is not received by the **15th** of each month, the family and coach will be notified via email regarding the past due balance and a **late fee of \$20** will be invoiced and applied to the account. If the dues payment is still not received by the **25th** of the month, the family, coach and dive committee treasurer will be notified that **the diver will be suspended** and not be allowed to attend team practice, events or competitions beginning the 1st of the following month until the entire past due balance is paid in full and the account is paid thru the current month.

Accounts that have a recurring late payment history (more than 2 occurrences/offenses) will be required to pay on the 25th of the prior month (in advance) of their normal due date for the entire summer or the diver will not be able to attend team practice beginning the 1st of the current month.

#### Returned Checks:

Returned checks will be charged an additional **\$25 NSF** fee. **Any account with more than one returned check during a season will be required to pay prior to the 25<sup>th</sup> of the previous month via cashiers check only. Personal checks will not be accepted.**

#### Summer Registration Fee:

All accounts will be assessed a Summer Registration fee of \$40 to the Atlantic Diving Team.
